

**LARGE NEW YORK PARTY
IS TO VISIT RICHMOND**

Employees of Biggest City of World
Will Make Southern
Trip.

TOURISTS GOING TO FLORIDA

Southern Railway Earnings Show
Substantial Increase for Third
Week in January, Compared With
Same Period of Last Year.

Arrangements have been completed by which more than 200 employees of Greater New York will make a week-long vacation trip to Florida during the early part of next month, and more than 150 members of the party will visit Richmond. Taking advantage of the holiday in celebration of the birthday of Abraham Lincoln, which falls on Saturday this year, the party will leave New York on Friday, February 11.

The party leaving New York early in the morning will travel on a special ventilated train over the Baltimore and Ohio Railway, arriving in Baltimore at noon. In that city the party will divide, about one-half of the members continuing to Washington, while more than 150 will make the trip to Richmond.

The Richmond party will leave Baltimore on Saturday night by steamer of the Chesapeake Steamship Company, and thence to this city from West Point, spending a part of Saturday and Sunday in Richmond. The return to New York will be made Sunday afternoon at 5 o'clock from Washington. Sightseeing trips have been arranged by the railroad men in this city for the party, and several automobile trips to points of interest in and around Richmond will be made.

C. H. Gattis, tourist agent of the Seaboard Air Line Railway, with headquarters in Raleigh, was in Richmond yesterday arranging for a tourist party from Richmond to Havana via Cuba. The Richmond party, which will be arranged by Mrs. James E. Cannon, will leave this city at 1:30 o'clock the afternoon of February 7. Between twenty-five and thirty are expected to make the trip.

The party will use the Seaboard Air Line Railway, through Columbia and Savannah to Jacksonville; the Florida East Coast Railway, through St. Augustine to Palatka; the short line of steamers from Palatka up the St. Johns and the Oklawaha Rivers to Silver Springs; the Atlantic Coast Line Railroad to Tampa; St. Petersburg and Port Tampa, by steamer of the Peninsula and Occidental Steamship Company, via Key West to Havana; by same steamer back to Key West from Havana; across the ocean via Extension of the Magellan System, the Florida East Coast Railway, through Miami, Palm Beach, Daytona and St. Augustine to Jacksonville, and the Seaboard Air Line return to Richmond.

The estimated earnings of the Southern Railway Company for the third week in January were \$1,217,473, as compared with \$1,095,678 for the same week of last year, an increase of \$121,795, according to figures made public yesterday by Comptroller A. H. Plant.

Circumstances have just been issued by the Atlantic Coast Line Railroad announcing the appointment of J. W. Perrin, as assistant freight traffic manager, and C. McE. Davis, as general freight agent, with jurisdiction over the entire system of the company, with headquarters in Wilmington. Mr. Davis announced that G. L. Tillery had been made assistant general freight agent with his headquarters also in Wilmington. The appointments are effective February 1.

The Virginian Railway is reported to have ordered one complete articulated locomotive from the Baldwin Locomotive Works for early delivery. The Southern Railway has ordered 300 tons of steel from the Virginia Bridge and Iron Company for a repair shop at Knoxville, Tenn.

Among the railroad men visitors in the city yesterday were C. H. Gattis, tourist agent of the Seaboard Air Line Railway, with headquarters in Raleigh; W. T. Carter, traffic manager of the Southern Railways of Tennessee; John L. Rodgers, traveling freight agent of the Philadelphia and Reading Railway, of Harrisburg; Pat T. Adams, traveling freight and passenger agent of the Western Maryland Railway, of Baltimore; W. H. McAllister, commercial agent of the Pennsylvania lines, of Charlotte; John P. Wray, Southern freight agent of the Pennsylvania lines, of Atlanta; J. S. Bussey, traveling freight agent of the Virginia Railway, of Norfolk; and W. H. Taylor, passenger traffic manager of the Southern, with headquarters in Washington.

**AVOID ALL MEAT
IF KIDNEYS AND
BLADDER BOTHER**

Cric Acid in meat excites Kidneys and irritates the Bladder.

Take Salts at first sign of Bladder weakness or Kidney Backache.

Kidney and Bladder weakness result from uric acid, says an noted authority. The kidneys filter this acid from the blood and pass it on to the bladder, where it often remains to irritate and inflame, causing a burning, scalding sensation, or setting up an irritation at the neck of the bladder, obliging you to seek relief two or three times during the night. The sufferer is in constant dread, the water passes sometimes with a scalding sensation and is very painful again, there is difficulty in voiding it.

Bladder weakness, most folks call it, because they can't control urination. While it is extremely annoying and sometimes very painful, this is really one of the most simple ailments to overcome. Get about four ounces of Jad Salts from your pharmacist and take a tablespoonful in a glass of water before breakfast. Continue this for two or three days. This will neutralize the acid in the urine so it no longer is a source of irritation to the bladder and urinary organs, which then act normally again.

Jad Salts is inexpensive, harmless and is made from the acid of grapes and lemon juice combined with lithia and is used by thousands of folks who are subject to urinary disorders caused by uric acid irritation. Jad Salts is splendid for kidneys and causes no bad effects whatever.

Here you have a pleasant, effervescent lithia-water drink which quickly relieves bladder trouble.
